Food and beverage stands are mainly situated in the Food Court and partly in Grand Pasar. Food Court lots 16m<sup>2</sup> (4x4m), Mini food stand (9m<sup>2</sup>) and Food Truck lots at outside location near the Rotonde.

Food and beverage stands are stands where food and beverage products are served for direct consumption.

#### STAND CONSTRUCTION PACKAGE

Apart from the possibility to construct your stand yourself, or to have it done by your own constructor, the Fair organisation now offers a stand construction package. It consists of timber partition walls; upholstered (black, grey, red) or painted walls (all RAL colours), frieze (white) and carpet tiles (choice of anthracite, light grey, dark grey, red, green, blue, beige), exclusive of electricity. Stand construction kits up to 12 m<sup>2</sup> are only available with upholstered walls. When booking more space, you get a choice between upholstered or painted walls.

#### DEPOSIT

A deposit is due of € 6 per m<sup>2</sup> of rented sales stand space and € 9 per square metre of rented food and beverage stand space and Food Truck lots.

This deposit has to be paid immediately after allocation of the stand space. The requested stand space may only be considered reserved for the exhibitor after he has paid the deposit. No VAT is due on the deposit.

#### CANCELLATION

A request for cancellation should be applied for in writing and sent by e-mail or registered letter.

Cancellation charges (plus 21% VAT):

- 50% of the stand rental charges for cancellation after confirmation of participation and stand allocation;
- 75% of the stand rental charges for cancellation less than 60 days prior to the commencement of the Tong Tong Fair;
- 100% of the stand rental charges for cancellation 30 days prior to the commencement of the Tong Tong Fair.

In case of cancellation and/or dissolution of the Participation Agreement, the Exhibitor shall at all times remain obliged to pay the registration fees to Organizer, these will not be refunded to the Exhibitor in the event of cancellation or dissolution of the Participation Agreement.

#### ELECTRICITY: REQUIRED MINIMAL CONNECTION AT 1 KW

The options in the near vicinity of the Malieveld to connect to the electricity grid are limited. That is why generators are used to this purpose. Power supply for the stands is carried out by a qualified installation company appointed by the Tong Tong Fair. An application form for requesting electricity supply shall be sent afterwards.

A standard 3 kW connection with an earthed double wall socket including power consumption is € 350 exclusive of 21% VAT (rates 2022). A much larger power supply is usually required for food stands and kitchen units.

#### WATER

On request, water can be installed in most of the stands at the Tong Tong Fair. This work can only be carried out by the installation company with which Tong Tong Fair has made agreements.

Due to the fact that it is not possible to install water in all stands, the exhibitor is required to immediately indicate, when renting a stand, whether or not they require the water connection in their stand. An application form for water supply will be sent afterwards
